

Polaris 3600

In-Line Print & Apply

A product of *Nortek Automation, Inc.*

The Polaris 3600 is a conveyor-fed system that precisely places labels onto printed circuit boards. Labels can be preprinted or printed on-demand. The base system is designed for one label per panel. Optional board stops can be added for multiple labels.

NORTEK AUTOMATION INC.

Providing Solutions Through Automation Since 1985
